MEMORANDUM

From: Commander, Navy Installations Command Millington
Detachment

Subj: 2008 PAY ADJUSTMENT FOR NONAPPROPRIATED FUND
EMPLOYEES UNDER THE COGNIZANCE OF COMMANDER, NAVY
INSTALLATIONS COMMAND

Ref: (a) DODINST 1400.25-M
(b) DODWFA Pay Administration

1. Per references (a) and (b), paybands for NF-03 through NF-05 NAF employees have been adjusted to reflect an average of 3.5 percent cost of living adjustment (COLA) and an increase in locality pay effective the first day of the first full pay period on or after 1 January 2008.

2. COLA and locality pay shall be combined as one "net" increase.

3. The following are the 2008 NAF payband ranges:

NF LEVELS	MINIMUM		MAXIMUM	
	<u>Per Year</u>	<u>Per Hour</u>	<u>Per Year</u>	<u>Per Hour</u>
1	*	*	*	*
2	*	*	*	*
3	*	*	\$ 60,000	\$28.75
4	\$33,500	\$16.05	\$ 94,000	\$45.04
5	\$63,000	\$30.19	\$ 149,000	\$71.39

* Survey adjustment - varies by geographical area

4. Locality pay and COLA are not mandatory for NAF payband employees. Regional Commanders have the option of implementing pay raises up to the maximum amount of the combined "**net**" increase (i.e., COLA + locality pay increase) for their respective wage area for NF-03 through NF-05 payband employees. (For example, upon approval, NAF payband employees in the San Diego wage area would receive a net pay increase up to a maximum of 3.91 percent.)

a. If granted, the combined net increase must be applied uniformly to all NF-03 through NF-05 employees (i.e., increase must be given to all eligible NAF employees or none at all).

b. Application of the net increase may not bring the employee's salary beyond the top of his/her assigned payband. Additionally, if an employee's pay falls below the new minimum rate for the payband, the salary must be adjusted to at least the beginning of the payband.

c. Listed below are the net increases for the 32 wage areas in the Continental United States:

5. Craft and Trade (i.e., NA, NL and NS), and Paybands NF-01 and NF-02 employees are not authorized the net pay increase because their pay is set based on local wage survey information. Pay increases for Craft and Trade, paybands NF-01, NF-02 and the minimum of NF-03 employees will be in accordance with wage schedules issued by the DoD Salary and Wage Fixing Authority. These schedules are issued separately based on local wage surveys and can be found on the Civilian Personnel Management web page at: www.cpms.osd.mil (select wage schedules, then the geographical area, then click on appropriate county or AC number and select the desired wage schedule, e.g., NF, CT, etc.).

6. GSE (Child Caregivers CC-1 and CC-2) employees must receive the same net increase given to APF (GS) employees, i.e., pay shall be adjusted in accordance with corresponding rates on the new GS schedules for the geographical area in which the CC job is located.

7. The pay schedules for U.S. citizens employed in overseas foreign areas will be issued by separate correspondence.

8. Regions continue to have the option of making whatever other pay adjustments they deem appropriate within existing paybands and personnel procedures.
